

NiBor-D™

INSECTICIDE AND FUNGICIDE

For both interior and exterior use.
For the control of: crickets, cockroaches, silverfish, ants.

Active ingredient:

Disodium Octaborate Tetrahydrate (Na₂B₈O₁₃·4H₂O).....98%

Inert Ingredients*.....2%

*Contains 2% H₂O - Absorbed Moisture

TOTAL.....100%

Keep Out of Reach of Children
CAUTION

EPA Reg No 64405-8

EPA Est. 64405-TN-1

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or inhaled. Causes moderate eye irritation. Avoid contact with eyes or clothing. Avoid breathing dust. Wash hands thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

Statement of Practical Treatment

If Swallowed: Call a physician or poison control center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

If Inhaled: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

If In Eyes: Flush eyes with plenty of water. Call a physician if irritation persists. In case of a medical emergency involving this product call (800) 424-9300 or your local poison control center.

Environmental Hazards

NIBOR-D or **NIBOR-D** solutions carelessly spilled or applied to cropland or growing plants, including trees and shrubs, may kill or seriously retard plant growth. Cover nearby plants and soil to avoid possible contamination. Do not apply directly to water. Do not discharge effluent containing this product into lakes, streams, ponds estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Notice

Read and understand the entire label before using. Use only according to label directions.

Before buying or using this product, read **WARRANTY LIMITATIONS AND DISCLAIMER** statement found elsewhere on this label. If terms are unacceptable, return unopened package to seller for full refund of purchase price. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under **WARRANTY LIMITATIONS AND DISCLAIMER**.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a dry place. Do not store where children or animals may gain access. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

Preparation of a Treatment Solution

15% NIBOR-D Liquid Solution: To prepare solution, add approximately 80% of the required volume of water to the mixing vessel. While stirring, gradually add 1.5 pound of NIBOR-D for each gallon of treatment solution needed. Add remaining water to the solution and stir until the entire product has dissolved. This solution should be used as soon as possible and not stored for an extended length of time. Wash and rinse all equipment after each use.

General Insect Control

NIBOR-D may be used as a liquid crack, crevice, void and spot treatment for the control and prevention of general pests, such as ants, crickets, earwigs, roaches and silverfish. **NIBOR-D** may only be used as a crack and crevice treatment in food areas of food handling establishments, restaurants or other places where food is commercially prepared. Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuffs. Do not use in edible product areas. **Applications of this product in the food areas of food handling establishments other than as a crack and crevice treatment are not permitted.** **NIBOR-D** may be used in homes, restaurants, markets, schools, warehouses, factories, offices, hotels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theaters, ships, trains, trucks, yachts, mobile homes, buses, zoos, kennels, military bases, libraries and utilities. Apply **NIBOR-D** only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. **NIBOR-D may not be used for flea control.**

NIBOR-D is a water soluble inorganic borate salt with insecticide properties effective against general pests, including the target pests listed below. This product can be used as a remedial treatment to kill and control existing infestations or as a preventative treatment for possible future infestations of general pests such as, but not limited to, those listed below: **Roaches** (including German, Brown-banded, Smokey Brown, Brown, American, Australian and Oriental Roaches), **Silverfish, Earwigs, Crickets** (including House crickets, Field crickets and Camel crickets), **General Ants** (including Argentine, Thief, Little Black, Pavement, Odorous House, Crazy and Ghost Ants), **Carpenter Ants, Boxelder Bugs, Cluster Flies, Centipedes and Millipedes.**

NIBOR-D Application as a Dust: **NIBOR-D** may be dusted into wall voids, cracks and crevices, moist areas, openings around pipes and sinks, under refrigerators, behind baseboards and storage shelves to kill and prevent infestations of ants, crickets, cockroaches, silverfish and other pest insects and arthropods. No powder should be visible after application. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs. Do not use in areas where food is exposed.

NIBOR-D Application as a Liquid: **NIBOR-D** 15% liquid solution may be applied as a crack and crevice, void and spot treatment to kill and control infestations of ants, crickets, cockroaches, earwigs and silverfish. Apply **NIBOR-D** 15% liquid solution into cracks and crevices, void areas, between elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases and areas where insects hide. Care should be taken to avoid introducing the material into the air. **NIBOR-D** 15% solution for general insect control may be applied as a spot treatment to outside areas of structures around windows, door frames and other areas where insect pests may enter. Product may leave a light residue on dark surfaces. Residual effects of **NIBOR-D** will last longer in areas protected from weather and elements. **Note:** Do not apply **NIBOR-D** liquid solutions in conduits, motor housings, junction boxes, switch boxes or other electrical equipment because of possible shock hazard.

Directions for Applying NIBOR-D as a Mop Solution: Add 8 ounces of **NIBOR-D** to each gallon of rinse water. Apply to floor areas only for the supplemental control of pests including ants and cockroaches. Make only enough for each application. This is to be used as a supplemental treatment in conjunction with other pest management practices and may be reapplied as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Avoid contamination of feed and foodstuffs.

Directions for Applying NIBOR-D to control mildew and fungus: **NIBOR-D** may be mixed at the rate of 8 ounces of powder to 1 gallon of water and applied to certain surfaces to kill and control mildew and fungus. Application should be in conjunction with moisture control in areas affected by mildew and fungus. Apply as a spot treatment to affected surfaces including baseboards and wall areas. **DO NOT APPLY NIBOR-D TO CARPET AREAS.** Reapply to affected areas as necessary.

WARRANTY LIMITATIONS AND DISCLAIMER

Because of varying conditions affecting the use and application, manufacturer warns buyer that these may impair or vary the results or effects of the use of this product. In any event, complete prevention of decay or insect infestation is not guaranteed. Neither the manufacturer nor seller shall be liable in respect to any injury or damage suffered by reason of the use of this product for a purpose not indicated by the label or when used contrary to the directions or instructions hereon or with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms and assumes all risk of usage and handling except when used or handled in accordance with this label.
